

2025 RVG League Format and Rules

The following is an overview of how the league will work in 2025.

League Commissioner : Nolo Fernandez (717)576 6620 please feel free to **text** me or **email** me at nolobaseball@aol.com with any questions, concerns disputes regarding the league and I will get back to you as soon as I am able to.

Format: 2 man better ball of partners. You will compete against a team each week with handicaps. The two members of the team will play a 9 hole match where the best score by one of the partners will count against the best score of the opposing team with handicap. Each hole is worth 1 point. To win the match you must get 5 points ties are possible. Each match will be scored and the winning team will receive two points, a tied match will give 1 point to each team and a loss will mean 0 points.

Handicap: Players with an existing handicap from previous years in the league will continue to adjust. Those who do not have any prior handicap in the league will be assigned a handicap after two weeks of play and adjust throughout the whole season. First two weeks scores will be posted after players are assigned a handicap. We use the same calculations as the New World Handicap System.

(New for 2025) Handicap will be maxed out at 7 strokes one per hole excluding par 3's. There will be no strokes on par 3's to eliminate the discrepancy of distance and stroke difference.

Closest To The Pin: In 2025 the weekly closest to the pin will be sponsored by Nolo's Bar and Grill. Winners will receive a \$10.00 Voucher to be used at the **Restaurant only** any time during the season (They will expire on September 30, 2025).

League Championship: The league will consist of 2 halves. Winner of the First half and winner of the second half will face each other

for bragging rights and your name on the plaque.

Payouts: All payouts will be handled in the form of Rich Valley Golf giftcards and are able to be used towards anything at Rich Valley Golf and Nolo's Bar and Grill. We will be paying a minimum of 35% of teams for the first half and same for second half. \$30.00 of the registration fee will go towards the first half and \$30.00 will go towards the second half.

All ties that do not include the 1st place of the half will be split. If there is a tie for first place it will be broken using the following tie breakers:

- 1st Record against each other (If they played each other)
- 2nd Total Points accumulated by hole during the half.
- 3rd If needed a match between the two teams will be scheduled to determined winner.

Pace Of Play: We are very full in the leagues this year and we ask teams to play ready golf and help each other to promote a faster round. A ranger will be out during league times to ensure an adequate pace of play. Please be respectful of each other and remember we are here playing golf and having a fun time. Pace of play should be less than 2:30 minutes. Extra holes are not permitted.

Reporting Issues: Please reach out to Nolo in the event of disputes, cheating, or any conflicts in the form of a text or an email. I will contact the reporting party as soon as I am able to. I will make with contact the group involved and investigate. All golf committee decisions will be final.

Attendance and No Show : We will be strickter going forward in the No show policy. If a **Team No shows and does not provide a sub more than 3 times may be subject to losing their spot in the 2026 league season.**

Thank You for your time and commitment,
Nolo Fernandez
